Great little jumper, loves cross-country, well trained, very broke, very safe, and easy to handle. Enjoys trails, bathes, trailers and is great for farrier. Nice forward walk and trot, has auto lead changes. Very safe around small children. Not herd bound. Very friendly, loves people, easy to catch. UTD on vaccinations, deworming, farrier and teeth. Shown extensively, with lots of ribbons. Wants to please. Six years of consistent riding with upper level coaches. Rode all year round in indoor riding arena. Every little girls dream! Sadly outgrown, needs loving show home.
